ADEN, Nov. 15 - ANA - Brother Ali Nasser Mohammad, CC Secretary General and Chairman of the Presidium of the Supreme People's Council and Premier, and his accompanying delegation returned back to Aden at seven this evening at the end of a visit to the sister State of Qatar. We wish to point out that our visit to the sister State of Kuwait and our talks with His Highness Sheikh Jaber al-Ahmed were useful as during these talks we discussed a number of issues that concern our Arab people in general and our area in particular. Our viewpoints were identical on a number of issues discussed and emphasis was made on the importance of continuing consultations between the leaders of the two countries within the framework of the brotherly relations existing between them.

Our visit to the Hungarian People's Republic, German Democratic Republic and the Bulgarian People's Republic and our meetings and talks with the Comrades Janos Kadar, Erich Honecker and Todor Zhivkov, gave fruitful results at the level of expanding the fields of political, economic, scientific and technical cooperation which was crowned with the conclusion of a friendship and cooperation treaty with the Hungarian People's Republic and the Bulgarian Peop le's Republic, in addition to a number of protocols and agreements in these fields for financing a number of projects on the second five-year plan.

In our belief our visits to these three socialist countries contributed in the establishment of the panels of the developed relations between the PDRY and these countries and deepened the strategic alliance between our country and the countries of the socialist community.

At the same time our visit to the States of Bahrain and Qatar was a suitable opportunity for meeting the brother Sheikh Issa bin Salman al-Khalifa, Ruler of the State of Bahrain, and Brother Sheikh Khalifa bin Hamed al-Thani, Ruler of the State of Qatar, and other brother leaders of the two states for exchanging opinions and viewpoints on different issues that concern our area.

ALI NASSER RETURNS - Cont'd.

We have explained to them our viewpoint on latst developments taking place in the Arab arena and in particular the threats being faced by our area and the Arab area in general following the threats and aggressive interferences of the United States of America which were crystalised in the strategic alliance between it and the zionist enemy, mobilisation of the American military forces and conduction of manouevres with the aim of blackmailing, intensification of atmospheres and frightening of our Arab peoples for effecting the passage of submissive plans.

I find it an opportunity to affirm here that acceptance of the American military presence and American military manouevres in any Arab State is a serious sign towards which serious and responsible stands must be taken by all those eager for the security and sovereignty of their peoples and peace and security in the area.

At the level of the bilateral relations between our country and Bahrain and Qatar stress was made on the n ecessity of consolidating them on the baisis of mutual confidence and constructive cooperation which will contribute undoubtedly in the establishment of the panels of security and stability in our area. We are satisfied with the results of this visit of ours to the sister and friendly countries as it shared truely in consolidating the cooperation existing between our country and these countries.

Cmmrade Ali Nasser and his accompanying delegation left Doha airport at four this afternoon where an official send-off was accorded to him. On top of those to see him off was His Highness Sheikh Khalifa bin Hamed al-Thani, Ruler of Qatar State, His Highness Sheikh Hamed bin Khalifa al-Thani, Crown Prince and Defence Minister, and senior Qatarian officials and heads of diplomatic missions accredited in Qatar. It was truely a good opportunity during which we exchanged viewpoints on a number of issues of common interest and closely linked with the present and future of the peoples of our Arab nation and in particular the threats and dangers threatening the security and stability of our area as a result of the staging by the Unit ed States of America of military manouevres and mbbilisation of its forces in the area and encouragement of the zionist enemy to continue to provoke the Arab people

ALI NASSER RETURNS - Cont'd.

At the level of the bilateral relations between the two sister countries it was agreedupon the importance of consolidating them in a way enabling us to create joint working opportunities and constructive cooperation for the good and progress of our peoples. We exchanged viewpoints on a number of issues in an atmosphere of brotherhood and frankness. I do not miss, while leaving the State of Qatar, to repeat my thanks to Brothers Ruler, Crown Prince and leaders and peop le of sister Qatar for the good reception and generous hospitality accorded to us throughout the period of our visit.
